### **COVID-19 Vaccination Policy**

The Canadian Registration Board of Occupational Hygienists (CRBOH) is committed to providing a safe and healthy environment for all in-person meetings, events, and/or examinations. This policy extends to all board members, staff, volunteers, and any persons conducting duties related to the board and/or CRBOH approved activities. This includes proctors and examiners, and potential candidates who will be completing examinations (both oral and written). The CRBOH strives to follow and adhere to the most current guidelines set out by Health Canada and other jurisdictions having authority.

If required by provincial jurisdiction, the CRBOH requires all persons attending in-person meetings, events, or examinations to be fully vaccinated at minimum two weeks prior to the date of the meeting, event, or examination. Fully vaccinated indicates receipt of the recommended number of doses of a COVID-19 vaccine approved by Health Canada or the World Health Organization. If applicable, all persons will be required to provide proof of fully vaccinated status to the Secretariat at least 72 hours prior to the in-person meeting, event, or examination.
